WINTER SPORTS HOLIDAYS 1979-1980

FOUR TYPES OF ACCOMMODATION:-
STAFFED CHALETS SELF CATERING
HOTELS BUDGET CHALET

Meribel-Les-Allues – Verbier – Courmayeur

HERE ARE BRIEF DETAILS OF OUR SKIING HOLIDAYS – COMPLETE AND RETURN CARD FOR THE FULL BROCHURE

VERBIER

3032 m - 1500 m. Over 80 lifts. Over 100 miles of pistes. Switzerland's best value resort with the country's biggest and most modern lift system. Pretty, sunny and lively resort.

STAFFED CHALETS

La Taquinerie – for 12/13

Last season this chalet was generally acclaimed as the best and most luxurious chalet in the hands of any British operator in Verbier – it really is quite special. It has four twin rooms, a room with a pair of bunks, a single room and a single room which is large enough to fit another bed if necessary. There are four bathrooms, a shower room, two separate W.Cs. and a good supply of hot water. There is a living room with an open fire and French windows onto the terrace – separate dining area. Two chalet girls who live in.

Le Verbiage – for 10/11

This is a very pleasant chalet which we immediately knew was just what our customers would like. It is attractive, well positioned and very comfortable. It has three twins all with basins, a twin, and a twin with bathroom en suite. There is a second bathroom and three separate W.Cs. There is, in addition, an area of the landing which is neatly curtained off to form a separate single room. Apart from a large and comfortable living room there is a Ping-Pong room which is ideal if there is either too little or too much snow. Two chalet girls live in.

Le Croix de Coeur – for 8

Right in the heart of the village, this chalet is wonderfully positioned. It is a fairly modern chalet but is built in a traditional style and, by virtue of being partly pine panelled inside, is very cosy. There is a most attractive sitting room with an arch through to the dining area. There are three twin bedrooms and a twin with a basin. There is a bathroom and a separate W.C. with a basin. Do not worry about there only being one bathroom – the water is heated by oil and is abundant. One chalet girl who lives 100 yds. up the hill at La Taquinerie.

BUDGET CHALET

Chalet Agnes – for 10/12

We are running this pretty and conveniently positioned little chalet on a new basis this year. The aim is to provide the keen skier, who cannot afford a fully fledged chalet holiday, with a chance to ski in one of the best resorts in the Alps. The chalet is cosy but not luxurious, the food is simple but filling and most people sleep in bunk beds. The prices, however, are amazing! 1 week from £ 114 to £ 134; 2 weeks from £ 152 to £ 192.

HOTELS & PENSIONS

We offer a range of hotels from the best in the resort at £ 451 for two weeks high season down to an excellent Bed & Breakfast outfit at £ 213 for two weeks high season. Also middle range hotels.

SELF CATERING

A wide selection of properties from 4 beds up to 10. Prices from £ 182 per person for two weeks high season.

COURMAYEUR

2755 m - 1224 m. 31 lifts. Good skiing for all grades including a single run of 11 kms and another, open only in spring, of 17 kms down the Mont Blanc Glacier. Pretty village and humming night life.

STAFFED CHALET

Chalet Lamastra – for 12/14

This is the best of all our chalets in any resort in the Alps. It is the summer home of the owner who has furnished it more like a private house than a holiday home. It is secluded in its own private garden yet only 250 yards from the prettiest part of the high street. There are three twin rooms, a double room and a vaste room on the top floor which is curtained off into two twins but which also contains a pair of bunks if a party wishes to increase its numbers. Two chalet girls who live in.

HOTELS & PENSIONS

The best hotel in Courmayeur is really very good indeed. The Pavillon is expensive but with a swimming

for two weeks high season. Alternatively there is a quite adequate pension providing Bed & Breakfast for £ 167 for 2 weeks high season.

SELF CATERING

Flats available from 2 to 6 beds in a good modern building only yards from the main cable car station.

MERIBEL

3300 m - 1500 m. Over 100 lifts in the Trois Vallees system. The largest skiing area in the world, Meribel is the most central and best positioned of the four resorts in the area. The intermediate skier's paradise.

STAFFED CHALET

Chalet Pangaud – for 11/13

Positioned just short of altitude 1600 in Meribel-Les-Allues and only about 150 yards from the start of the bucket lift which goes up to the Altiport this is a convenient chalet. It is modern and comfortable and has a particularly large living room with a big dining table at one end and an open fireplace and sitting area with French windows onto a South facing balcony at the other. This living room really is rather spacious and we have two extra sofa/beds there for any party which wants to expand its numbers. There are three twins, one triple, and a room with a pair of bunks. There are two bathrooms and two separate W.Cs. Prices from £ 155 to £ 199 for 1 week; from £ 255 to £ 299 for 2 weeks.

FAMILY HOTEL

The Auberge de Jeunesse et Famille is an establishment which we are featuring as a new idea for this season. It is extraordinarily reasonable – only about £ 180 for two weeks half board – but you do have to muck in with making beds and washing-up (but not cooking). Breakfast is eaten as families but at dinner time the children eat separately under the supervision of "nannies". A super way of taking the family skiing at an affordable price and of teaching the children a little French at the same time!

HOTELS & PENSIONS

We offer a range of hotels from the best in the resort at £ 463 for 2 weeks high season to a very good, centrally positioned Pension doing Bed & Breakfast for 2 weeks at £ 213 high season. Other medium range hotels available.

SELF CATERING

We have a range of apartments from 2 bed studios to 9 bed flats. Available in both Meribel-Les-Allues and Meribel Mottaret.

COMPLETE THIS FORM AND WE WILL SEND YOU, BY RETURN, OUR HELPFUL FULL COLOUR BROCHURE WHICH SETS OUT FULL DETAILS OF THE HOLIDAYS DESCRIBED HERE IN BRIEF.
