## VERBIER

Whether you are an individual, a party of friends or thinking of taking your family, a chalet holiday has unique advantages which make it more than just a holiday. They are inclusive costs, friendly chalet atmosphere, good food and wine, in fact everything in a skiing holiday should be.

### VERBIER 4920 — 9915 FEET

Verbier is one of the most southerly resorts in Switzerland lying in an open, south facing bowl, enjoying long hours of sunshine throughout the season. There is a magnificent skiing area with over 60 miles of pistes and 30 lifts covering the area. The skiing consists of wide open runs with pistes for all standards of skiing from

beginners to experts. There are a variety of nursery slopes for beginners, and families with children are particularly well catered for in Verbier, where there is a reduced rate family lift pass, and well organised childrens classes.

The village is situated at an altitude of nearly 5,000 feet and because of its height has reliable snow conditions and a longer winter season than most other resorts. Verbier is built in traditional alpine chalet style, with a delightful informal atmosphere. There is a choice of night clubs and restaurants, although there are plenty of inter chalet parties, which are more economical.

## CHALET PEPITA

Chalet Pepita is an attractive wood faced chalet in a quiet sunny position, a few minutes walk from the main ski lifts and the village. It is built on three floors with a bathroom and separate w.c. on each floor. There are seven twin bedrooms, six with hot and cold water and two sitting rooms.

### AIR TRAVEL RESERVE FUND:

Following recent government legislation we are obliged to make a levy of 1% on the holiday price to be added to the final invoice on all holidays before 1st April 1976 (after this date it will be increased to 2%). The levy, which is not included in the prices quoted in this brochure, is to be paid into the Air travel reserve fund set up by the government to give added protection to all inclusive tour passengers on charter or part charter flights.

### HOLIDAY PRICES:

In common with other ski tour operators all holiday prices are based on the rate of exchange S.frs 5.84 to the £1, as published by the Financial Times on 4th March 1975. Owing to the floating pound we must reserve the right where necessary to levy surcharges on the prices quoted in this brochure up until the date of departure, irrespective of whether or not payment for the holiday has been made.
